

QCItemTracer::setStyle

```
graph LR; A[QCItemTracer::setStyle] --> B[QCItemTracer::style]
```

A diagram illustrating a function call. On the left, a gray rectangular box contains the text "QCItemTracer::setStyle". A blue arrow points from the right side of this box to the right side of another rectangular box on the right. This second box is white with a black border and contains the text "QCItemTracer::style".
