

QCPSbstractItem::createPosition

QCPItemTracer::setGraph

QCPItemPosition::setType

```
graph LR; A[QCPSbstractItem::createPosition] --> C[QCPItemPosition::setType]; B[QCPItemTracer::setGraph] --> C;
```

The diagram illustrates a dependency or call relationship. Two source functions, 'QCPSbstractItem::createPosition' and 'QCPItemTracer::setGraph', are shown on the left. Two blue arrows originate from these functions and point towards a single target function, 'QCPItemPosition::setType', which is located on the right. The target function is highlighted with a gray background, while the source functions have white backgrounds.
