_clicked

MainWindow::on_pushButton
_export_settings_ini_clicked

MainWindow::exportIni

```
graph LR; A["MainWindow::on_pushButton_export_calibration_ini_clicked"] --> C["MainWindow::exportIni"]; B["MainWindow::on_pushButton_export_settings_ini_clicked"] --> C;
```

The diagram illustrates a function call relationship. Two source functions, 'MainWindow::on_pushButton_export_calibration_ini_clicked' and 'MainWindow::on_pushButton_export_settings_ini_clicked', are shown in white boxes on the left. Two blue arrows point from these source functions to a single target function, 'MainWindow::exportIni', which is shown in a gray box on the right.
