

QCPBars::setData

```
graph LR; A[QCPBars::setData] --> B[QCPBars::addData]
```

A diagram showing a call from `QCPBars::setData` to `QCPBars::addData`. The `setData` box is gray, and the `addData` box is white. A blue arrow points from the right side of the `setData` box to the left side of the `addData` box.

QCPBars::addData
