

QCPBars::setBaseValue

```
graph LR; A[QCPBars::setBaseValue] --> B[QCPBars::baseValue];
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'QCPBars::setBaseValue'. The right box is gray with a black border and contains the text 'QCPBars::baseValue'. A blue arrow points from the right side of the left box to the left side of the right box.
