

QCItemLine::draw

```
graph LR; A[QCItemLine::draw] --> B[QCItemLine::getRectClippedLine]
```

A diagram showing a call from the `QCItemLine::draw` method to the `QCItemLine::getRectClippedLine` method. The `QCItemLine::draw` method is represented by a white box with a black border, and the `QCItemLine::getRectClippedLine` method is represented by a gray box with a black border. A blue arrow points from the `QCItemLine::draw` box to the `QCItemLine::getRectClippedLine` box.

QCItemLine::getRectClippedLine
