

QCPTextElement::draw

```
graph LR; A[QCPTextElement::draw] --> B[QCPTextElement::mainText Color];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'QCPTextElement::draw'. The right box is gray with a black border and contains the text 'QCPTextElement::mainText' on the top line and 'Color' on the bottom line.
