

QCPAxis::setPadding

```
graph LR; A[QCPAxis::setPadding] --> B[QCPAxis::padding]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is filled with a dark gray color and contains the text 'QCPAxis::setPadding'. The right box is white with a thin gray border and contains the text 'QCPAxis::padding'. A solid blue arrow points from the right side of the left box to the left side of the right box, indicating a relationship or flow from the method to the variable.

QCPAxis::padding
